

Who is Miria?

For 25 years, Miria has been leading the path to smarter business processes through intelligent capture and management of critical operating data, documents, and content. Today we are using that same efficiency-driven expertise to lead companies to the benefits of Intelligent Automation of Financial Transactions with ActiveOps - providing your organization with the expert guidance needed to ensure a highly efficient transition to our flexible Cloud-based software platform.

A Subsidiary of OSG

In August of 2018, OSG Billing Services acquired Miria Systems, Inc. OSG is a global provider of Integrated Data-Driven, Critical Customer Communications. From cutting-edge digital solutions to traditional print and mail, OSG anticipates the customer's next move and delivers a technology-rich experience across channels. OSG's expertise provides end-to-end omnichannel communication solutions that deeply drive customer relationships, resulting in ongoing business growth in a global market.

What does Miria bring to Enterprises?
